CAPTAIN COUNT GIBSON
Dedication

To

Captain Count Gibson

this Annual is affectionately dedicated as a small return for his excellent work, true friendship and inspiring leadership by which he has made a close personal friend with every boy in Emory Academy
FOREWORD

REALIZING the unsettled financial condition and working under a handicap of not having had an annual at Emory Academy for two years, the staff of the Emocad presents this annual with the wish that its faults be overlooked and that in years to come it may be a reminder of some of the joyful days spent at this school.

GREETINGS

To the class of Twenty-four and to the student body of Emory Academy we present this, the fourth volume of the Emocad, as a representation of the many hours spent at work on it. May memories recalled by the pictures and words in this book be as sweet as the moments of close friendships that inspired these pages.

SAM ADAMS
Dublin, Ga.

Emory University
A. B.
Vice-President South Georgia Club; Phi Gamma Literary Society; "A" Co. Football Squad '22, '23; Rifle Team '24; Boxing Club '23, '24; Track Team '23.

Sam came to us from Webb School up in Tennessee and we must say they lost a mighty good man because Sam has certainly proved his worth here. He has built up quite a "rep" as a football player because he is good in that. But it is not the only sport he participates in because he is also good at boxing and shooting. We hate to see a boy like Sam leave E. U. A., yet we are glad too, for we know he will do well in his college life.

JESS LEE BALLARD
Tampa, Fla.

Emory University
Commerce
A. B.

Lee, the Shiek, has become our best representation of a Beau Brummel in his stay here for Lee dresses well and is mighty popular with the ladies. But he is also a good athlete and has made the squad in all three of the major sports. Lee is also a fine swimmer, but he hasn't had a chance to do his stuff around here much. Lee is a good true friend and we wish him luck with his college career.

EARNEST BOGGUS

Emory University
A. B.
Few Literary Society; "B" Co.; North Georgia Club; Corp. "B" Co. '24.

The Earnest has only been with us for two years, he has certainly made a record while he has been here. He does excellent work in all his classes and the he lives farther from the school than anyone, he hasn't missed a class since he's been going to school here. That's quite a record too, when you've seen some of these roads around Oxford, but Earnest always manages to get here on time in his trusty old Ford. He is also a good cadet, too, on the drill field. He does what he is told to do and likes it and that is a mighty fine way to be.
HENRY BROOKS  
Ideal, Ga.

Emory University  
A. B.

South Georgia Club; Chaplain Phi Gamma Literary Society; Life Service Band; Ministerial Group; “C” Co.

Henry has made a good student at E. U. A. in his two years’ stay here tho he has had trouble sometimes with his Latin, but Squire helped him thru that. Henry is an excellent type of a true, clean Christian and is very sincere in his beliefs. Henry lives his life just as he thinks Christ wants him to live. He has proved an excellent example for many boys to live by.

EMORY BUDD  
Albany, Ga.

Emory University  
M. D.

Emory is one of the few among us that has been here four years. During this time he has made a good record and won many friends. Emory is the type of boy that you can't keep from liking and admiring. He is a lady’s man and an ardent lover. We all hate to see him leave us but we know he will make good.

WESLEY BUDD  
Albany, Ga.

Emory University  
B. S.

Phi Gamma Literary Society; P. K. Club; “A” Co.; Rifle Team; R. O. T. C. Bugler ’24.

Wesley has made many friends while he has stayed here with us, and has made many a one laugh at his fun-making. Wesley isn’t very inclined to study but still he has passed up his work. He likes to have his joke, and everybody likes him. Wesley has called us to drill many a time with that bugle of his and then to hear him blow Retreat as Old Glory is being lowered is certainly inspiring.
MARSHALL EDGAR BUSH
Camilla, Ga.

Emory University
A. B.

Edgar comes to us from Camilla at the tender age of sixteen years, but that doesn't mean he is not an athlete because he made both basket-ball and football squads of "B" Co. Edgar is also quite the stuff in Trig. He shot Count regular both in Trig, and in Solid Geom. for he is bright and studies his lessons faithfully and got up his work regularly. We are glad Edgar is not getting any further away from us than Emory next year, we hope he has as successful a year there as he has had here this year.

ISAAC L. CHATFIELD
Culloden, Ga.

Emory University
Medicine
Few Literary Society; North Georgia Club; Owl Club; Vice-President D. D. Club; "B" Co.; "B" Co. Football Squad '23.

This place will never look natural next year without old Isaac because he has helped us forget our blues many a time with some of his humor. It is a very confirmed old grouch that won't laugh at Isaac and his jokes and foolishness. Isaac is also a great athlete. He practiced very faithfully with "B" Co.'s squad last fall and played in one or two games. We wish him luck in his college career and feel sure that he has a brilliant future before him.

WILLIAM B. CLEMENTS
Durand, Ga.

Georgia Tech.
Electrical Eng.

Tho William has been with us just a year he has made a good record while he was here. His Physics seemed to stump him for a while, but he struggled on with it and passed it up in fine shape. William was also good in Trig and Solid Geom. He's shot Count many a time for a ten. He showed up well on Squire's basket-ball squad well too, and played fine in all the games he played on the scrub team. He couldn't quite make Squire's championship team but that was an awful hard job.
LESLIE L. CROWDER
Durand, Ga.

*Emory University*

B. S.

William and Leslie can't be separated in the Annual any more than they've been separated throughout the year. They have been true friends to each other and where you would see one there the other is also. He played hard in the games he made, and on the Bulldog team he starred in most of the games. Here's hoping he will make good at Emory.

MASON DOUGLAS
Pollard, Ala.

*Auburn*

Civil Eng.

Jolly old Fat always has a smile on his face and ready to play football. He had rather play football than eat and that is saying something. In both football and basketball, he gets in at the beginning of the game and fights hard until the end and that means a lot to a team. Fat had a little trouble with Physics at first but he passed it up fine when he really got to work on it.

CLARK WILLIAM DOPSON

“Jake” is one of the few boys here that have been here for four years and he has made a fine record for every one of those years. He shoots a bulls eye and a goal on the court with equal ease and so he has been on the team this year, and also on "C" Co.'s Varsity Basket-ball Team. “Jake” is going to a mighty fine school next year and we all hope he will make as good a record there as he did here.
GWYN D. EVANS
Hapeville, Ga.

Few Literary Society; D. D. Club; President Atlanta Club; Secretary and Treasurer Lion Tamers' Club; Dramatic '23; Stage Manager '24; Boxing Club; North Georgia Club; Four Year Men's Club; Letter Men's Club; Rifle Team; Associate Editor Emocad; Sgt. "B" Co. '23; Lt. "C" Co. '24; "B" Co. Football Squad '21, '22, '23; All E. U. A. Football Squad '22, '23; "B" Co. Baseball Squad '23, '24; Summer School '22.

"Strib" has been with us four years. During this time he has done much in football, making the varsity two years. Although light, he truly hits his opposing linemen a deadly blow. He has made friends in the student body as well as the Faculty. He has proved himself good in every subject. Here's hoping that he will be as great a shark in after life as he has been at E. U. A.

FOSTER PIERCE FORBES
Darien, Ga.

Emory University

B. S.

Phi Gamma Literary Society; South Georgia Club; "C" Co.; Rifle Team; "C" Co. Baseball Squad '24.

Foster came to us two years ago from way down in South Georgia and has finished his two years here and is graduating. His official capacity is scorekeeper at the basket-ball games and he has been very efficient in that office. He has also made a good record on the Rifle Team, ringing up some pretty high scores. His career in the literary society has been very eventful in that we don't believe that he has ever debated in it since he became a member, but then our memory may be a little faulty.

CHAS. A. FOUNTAIN

Charles came in with the big rush of last September and quietly took the place that seems to have been especially prepared for him. He put on his shell rimmed glasses and after peering out into this new world he decided that it was the place for him.
ARTHUR OTIS GRANGER
Atlanta, Ga.

Georgia Tech
Phi Gamma Literary Society; Atlanta Club; North Georgia Club; Boxing Club; "C" Co.; "C" Co. Football Squad '22, '23; Corp. "C" Co.; Summer School '22, '23.

Arthur has been our "Strong Man" in the Academy in the three years he has been here and we certainly wish we had inter-collegiate athletics so that he could make a name for E. U. A. in track meets—with the discus, javelin, and hammer, also as a runner. We hate to lose him to Georgia Tech next year but we know he will make a fine record for himself and E. U. A. there.

CICERON ANGEL GRANGER
Atlanta, Ga.

Georgia Tech
Phi Gamma Literary Society; Atlanta Club; North Georgia Club; Letter Men's Club; "C" Co.; Corp. "C" Co.; "C" Co. Football Squad '22, '23; "C" Co. Basket-ball Squad '24; All E. U. A. Football Squad '23; Boxing Club; Summer School '22, '23.

Another Granger and another fine athlete that must leave E. U. A. this year. Ciceron played exceedingly well on "C" Co.'s football team this year and made his letter. He also played well in basket-ball and helped "C" Co. Scrub win the championship. He is also a good track man, and would certainly make a fine record if we had a chance to compete with other schools.

THERON A. GUTHRIE
Smyrna, Ga.

Emory University
Medicine

Theron is the type of boy that Emory Academy loves to put out as an example of a true Christian school for Theron is a good student, a fine athlete, and a true Christian and stands for all that is right and good. He has made "A" Co.'s Football Squad both years that he has been here and he has also played basket-ball but not on the regular team. His life here has been a shining example to many boys and we feel sure that he will be truly great some day.
Emory University

DO SOO HAHN
A. B.
Phi Gamma Literary Society; Ministerial Student Club; Literary Editor of Bench Warrant; Assistant Editor of Emocad.

Mr. Hahn came all the way from Korea to study and we'll have to admit that he makes a much better student than most American boys. He studied all of his lessons faithfully and seldom made below Ax on anything. He also was Literary Editor of the Bench Warrant and composed several beautiful poems and handed in many good articles. He was also a good debater and always put a good deal of work on all of his speeches. We know he will make a fine record at the University and represent E. U. A. well.

Cornell Univ.
Florence, Ala.

DAVID W. HOWELL
Engineering
Phi Gamma Literary Society; Ala.-Tenn. Club; "C" Co.

"Massey" has been with us only a few months, but during this time he has proved himself a true friend and a real student. In the class-room he is so quiet that one forgets he is there, until the Prof. calls on him then everyone listens attentively because they know something new will be brought out of the lesson by him. When at the dormitory he is always in a good humor and smiling.

Univ. of N. C.

WILLIAM HENRY HUGGINS
Civil Engineering

"Bull" seems rather dumb in some of his classes but he certainly isn't dumb when it comes to any athletics for he is all there then. He has made four letters in his three years here and would have made more if it hadn't been for the Faculty ruling. In basketball he is at his best, in all three of his years here he has been an outstanding star in every game he has played in basketball. He is also good at football and made many nice gains when they were needed most. And "Bull" is also one of our best dancers here, for he can certainly trip the light fantastic toe to a perfection.
THOMAS LAMB
Wadley, Ga.

Univ. of Ga.
Phi Gamma Literary Society; South Georgia Club; Boxing Club; Private “A” Co.

“Mary” Lamb adds another adjective to the familiar expression “little” but “loud.” Mary is little, loud, and lively. He blew in during last fall’s rush and has been blowing ever since. Most of the time he is rushing to do the bidding of some “Old Man,” and he does it so speedily and cheerfully that he has been justly voted the most popular “rat” in school.

JAMES D. LESTER, JR.
Montezuma, Ga.

Ga. Tech

Everyone who has ever gone to E. U. A. has heard Jim’s favorite lie about shooting the negro at three hundred yards with a twenty-two, but outside of this Jim is a fine fellow and we hate to lose him, but we feel sure he will do his stuff at Ga. Tech. and make a record there.

BOYCE MARTIN

Basketball Squad ’22-’23-’24; “B” Co. Football Squad ’21-’22-’23; Runner up of Tennis Championship ’23; All E. U. A. Basketball Squad ’24; Alt. Capt. “B” Co. Basketball Team ’24; Summer School ’22-’23.

“Blossom” came to us three years ago. He has made a great record in his work as well as his play. Football, tennis, and basketball have proved to be his hobbies. During his three years he has achieved quite a high place in the Military Department. Last, but not least, he is quite a ladies’ man. Here’s hoping that he will make a success in the future.
ALBERT LEE MITCHELL
St. Louis, Mo.

“Mitch” is one of the very few men that have been here for four years. He has taken in all forms of athletics, having played on the Company Basket-ball and baseball teams, and being a letter man in football. His chief study at E. U. A. has been Espanol. In this Mitch was a shark. He has a vocabulary of Spanish all his own which we hope some day he will put into book form.

THOS. AUGUSTUS MOCK, JR.
Sylvania, Ga.

T. A. is one of the most distinguished members of our class. He is little but very loud. When it comes to basket-ball he is a real shark, but more than a basket-ball player, he is a baseball player, and one that “C” Co. will miss. Lady is his middle name. He likes the ladies so much that he makes a real good girl. T. A. is so industrious that we believe and hope that he will make a success.

MARION McDANIEL

“Mac” has just been with us for a year but he has been very popular with everyone and he has made many friends. “Mac’s” one of the few boys here pledged to a college fraternity and we know he will make a great record where ever he goes and we wish him all the luck possible and all know he will make good.

"Squander" is one of the most popular boys in the class even if he is not the most popular with the Faculty.

In his Military work he has gone high, having risen to the rank of Cadet Major.

Basketball team '24.

"Big Buddy" came to us three years ago. Since that time he has made a record at E. U. A. that will not be forgotten for years to come.

His ability as a football player is way above the average. He happens to the good fortune of being of the two men in school that have made three letters in football.

More important than athletics is his ability as a leader. With all this together we are assured of your success, "Big Buddy."
TURNER SAVAGE

Emory University

Phi Gamma; Co. "A"; South Georgia Club.

Although Turner has been with us only a year we have found him to be a boy whom we will always want to know; and of whom we have nothing but pleasant memories. As we become better acquainted with him we realize the more that his friendship is to be highly valued. He is quiet, modest, and pleasant memories. As a Senior, he is digging hard on his lessons and will surely take off his "Dip." It is useless to wish him success, for at his present rate, there is nothing but a brilliant future for him.

CLAUDE SHIPP

Univ. of Fla.

Three years have passed since Claude came to us. During this time he has become one of the most popular boys in the student body. He is the best all-round athlete in school. At baseball he knocks the cover off; at basketball he is above par; but as a football player he has won renown.

JOHN IRWIN SLOCUMB

Ga. Tech.

Member of Few Literary Society; Pres. E. W. K.; South Ga. Club; Corporal "B" Co.; Yankee Football Team.

"Sy" is the original lazy man of the Senior class. His favorite pastime is seeing how long he can take to do a task. But "Sy" is always ready to do a good turn for anyone. His obliging manner has won for him many friends among the student body. "Sy" is one of the best known characters here, yet heard of least. With his quiet untroubled disposition he will wind his way through life, obliging everyone as is his custom. The best wishes of your classmates follow you as we part!

This tall boy is known for his witty sayings. He has been with us only one year, but during this time he has grown very popular with both students and Faculty. His athletic ability is far above the average prep. school student. He was one of the best basket-ball players that “A” Co. possessed. We predict that, as he enters life's work, he will climb the ladder of leadership in a manner that will bring honor to E. U. A. His success is assured.

LESTER HAYWARD STREET

Three long years has Lester been among us and during all that time he has been steadily growing in favor with all members of the student-body. He just possesses the knack of making friends. Nor does he limit himself to boys when he seeks companions—and, who knows?—More than companion. Especially is he well thought of among the feminine circles of Covington. May you continue on your conquering way, Lester.

HENRY CULLEN TALTON
Bonaire, Ga.

In the fall of ’22 Henry Clay first looked on the Academy campus with the eyes of a student. Since that time he has been applying himself to his studies in a way that is pleasing to all professors. Although he is always quiet he has a keen sense of humor and seems to be always enjoying himself at the expense of those about him. He is a warm friend and a pleasant companion and holds a place in the heart of many.
ONEITA TANNER  
Agnes Scott  
A. B.  
Few Literary Society; North Ga. Club; Associate Editor of Emocad;  
Member of Life Service Band; Summer School '22.  
Oneita is the only girl in the Senior class of '24. She is another very  
fortunate one to be a four year student. She is one of the most brilliant  
students here, being always at the head of her class. In the classroom she is  
always quiet, listening to the teacher attentively. We are sure she will make  
a great record at Agnes Scott, for she is one of the few girls that go to college  
for its real purpose—to learn.

Some go down in history at E. U. A. as athletes, while others go down  
as tea-bounds, but to the man that goes down in history as a student is the  
man that really counts out in life. When you want your Trig. problems  
worked just ask “Bob,” for he has never failed. He stands at the top in all  
of his classes, and has won many friends. Always punctual, always reliable,  
no wonder he has attained such success.
JACK WOOD

Jack came to us three years ago and did not see fit to leave school as did
some of his classmates; instead he stayed with the crowd and helped make a

Ga. Tech will certainly be the gainer and E. U. A. the loser when Metz
goes there next year because he is a good athlete, and excellent student, and
also a fine cadet officer. We only wish Metz could stay with us another
year for he has done fine work since he has been here and made many friends.
But Metz isn’t exactly crazy about the girls.

Since Brooks’ entrance in school, he has accomplished a great deal in all
forms of athletics. In football he is a nonpareil. If he doesn’t make some
college football team it will fool us. Then he is excellent in basket-ball and
baseball, being one of the best outfielders in school last year. He is indeed a
warm friend, ready to help a pal in every possible way. Brooks is one boy
that can look back on his prep. school days with the full knowledge that the
goal was reached and the race was won. Good luck to you Brooks.

WALTER AIKEN

Emory University A. B.

Goat has made quite a reputation around here at putting the sphere between the hoops for he is a true basket-ball player. He is a good clean sport and always plays the game as hard as he can and to the best of his ability. Emory Academy hates to lose a boy like Goat for he is the kind that makes this school great. He has been here for four years, one of the few that have taken the complete high school course here. Luck to you Goat, we know you will make a name anywhere you go.

ROBERT DARLING

Robert has only been with us a year but he has made many friends in that time. He has proven himself a true friend and a good sport and we hate to lose him this next year. We feel sure that he will make a good record wherever he goes next year and we know he will make as many friends there as he did here.

ESTIL HEATH
Haleyondale, Ga.

Emory University A. B.

Estil entered here in the fall of 1923 and immediately started working hard on his lessons and he has kept it up. He is one of the best students we have here. He has made several book reports in Chapel and every time he has used perfect English and everyone enjoyed him very much. His chief claim to fame is his resemblance to Charlie Chaplin and he even started growing a moustache once to look more like him.

J. OTIS KIMBROUGH

Emory Univ. A. B.
South Georgia Club; "A" Co.; Few Literary Society; "A" Co. Basketball Squad; Ministerial Student Band.

Otis is another fine example of true Christian religion for he is a true, clean Christian and lives his life as he thinks he ought to live it. He is also very faithful in all of his studies and does his duty in a conscientious way. Otis didn’t have time in his two year’s stay here to go out for athletics as he had to work his way through here, but he would have made a fine one if he could have, for he has a wonderful physique. We are sure Otis will lead many lives to Christ by his true and faithful life and we feel sure he will be a very successful minister.
Senior Class History

In the fall of 1921 there came to Emory Academy one of the largest classes that has ever been enrolled in the history of the school. Although some have left us, in return for them we are not disappointed in those who have taken their places. Our class now numbers about forty-five. We have boys fresh from the plow, boys from the small town, boys from the city. Some will be farmers, some lawyers, doctors, preachers, men of affairs. However varied their past experiences and future activities may be, all now have a common bond of sympathy, a common spirit, the spirit of 1924.

The average age of the members of our class I have been unable to ascertain, but this I know, that some are direct descendants of Adam and others declare they have the Philosphic blood of Socrates coursing through their veins. Nevertheless we deem it a privilege to be a member of the class of '24. We feel safe in saying that the future is bright before us and that Emory Academy's banner shall not be lowered on account of our existence.

It is impossible to relate all the interesting and important things that have happened to us and that we have done since we have been here. There are some of our deeds that need to be commended, some that need to be condemned; there are those deeds that need to be laughed at and others that need to be taken seriously. But whatever be our case, our acts are committed, our history is written, and we look back over the past, not with a feeling of regret, but with a certain degree of satisfaction as we think of the pleasures we have experienced and the sorrows we have had; of the games we have lost, of those we have won; of the acts we have committed and the pranks we have played.

On investigating the real merits of the class of '24 and the accomplishments that we have achieved, we find good marks in abundance. From the beginning our classroom work has not suffered, but we have made no attempt to dazzle those about us with brilliancy. Our mental development has been forward, and today we realize more fully the good that is derived from education and determine within ourselves to obtain a college education on leaving E. U. A. But our greatest fame rests in the fact that some of our boys have stood out among their fellows as moral leaders and boys of character, in spite of difficulties. Some have been examples of that true manhood which people admire and have stood for all that is commendable and worthy of praise.

We have nothing to regret, and as we stand upon the eve of graduation, we are proud to be numbered among the body of men known as the class of 1924.

Oncita Tanner.
Senior Poem

We once were fresh we must confess;
But four long years have passed,
And tho our rank is sadly thinned,
We're Seniors now at last.

The "Now boys" of Dear "Papa" Rees
Shall greet our ears no more,
Those glorious talks of "Uncle Bob,"
Unhappy thought, are o'er.

We've slept while "Droopy" taught third class.
We've learned our parlez vous,
And now ye Juniors, Sophs, and Fresh,
We bid you fond adieu.

You're young and green, we'll not deny,
But if you'll work like,—
With all your might, plus "keys" and "jacks,"
Perhaps you might do well.

With apologies to the class poet
G. D. Evans.

Junior Class History

Three years ago in the fall of 1921, forty green freshmen came to Emory Academy in search of knowledge. We may have acquired some, we may not have, the profs. can tell you more correctly about that. There were many would-be athletes in this class but none were proficient enough to make any of the varsity company teams but many practiced faithfully and made the teams next year.

The next fall, quite a few failed to return, some remained at home others went to other schools, but then there were several new faces that took the place of the old ones, but the total number of members had dwindled down to twenty-seven. In this number there was only one letter man, but the class was represented on nearly all of the teams this year. In scholastic work a high record was also made by the members, for there were several brilliant students and hard workers. The class of '25 also furnished one man for the scholastic debates.

And when this group had become old enough and advanced enough to be called Juniors the roll had increased until there were thirty-five. There were also three chosen as members of the All E. U. A. squad and there were others that played on the teams that failed to make their letters. The Editor-in-chief of the Bench Warrant, our weekly school paper, was also a member of the Junior class. Another claim that this class has to distinction is that it has three of the four co-ed in its midst.

The class of '25 has one of the best leaders in school in Peter Manning, who has been its president for three years. He has helped hold up the class and helped it to make the name that it has here. Forrest Gay is the Vice-President this year and has filled that position very competently. The Secretary and Treasurer is Worthy Lunsford who has capably filled his position also.

We have made a fine record in the three years spent here at E. U. A. and we mean to finish our careers here with a most successful year next year. The Senior class of this year has established a fine record, but we mean to make a better one next year.

The History of The Sophomore Class

Hail, the sophomore class of '24. E. U. A.'s only bachelor class, also E. U. A.'s brainest class. The class with a history behind 'em and a magnanimous future in front of 'em.

Out of the sophomore class has come quite a number of leaders in all phases of student life and activities.

There are more ministerial students in the sophomore class than there are in any other class in school. Ramsey, York, Gannels, Smoak and Purcell.

In athletics we have one letter man, Leslie Steele, and several other good athletes, one of the most noted being Carl Jones.

The sophomore class is also represented on the inter-scholastic debating team by Julian (Pedro) Gannels, and Guernsey (Washwoman) Ramsey.

Among other unnatural curiosities of the class are "Shieks," F. Covington (Dux), and "Froggie" Burgess, "Big Eaters," Greer, Talley, and "Wild Man" Barto, the only one in captivity, from the jungles of West Palm Beach.

From the sophomore class comes Emmett "Caruso" Parrish, the sport writer for the "Bench Warrant," E. U. A.'s newspaper. He is also a Correspondent for the Atlanta Journal, The Macon Telegraph, and The Savannah Morning News.

We expect great things from the prospective writers of our class—Emmett Parrish and John Greer.

More ingenuity for getting out of work is found in the sophomore class than in any other class in E. U. A. (J)unius (V)estunius Talley leads the list.

Now, gentle readers we have given you a brief review of the class of '26. Because of the lack of space we have not been able to mention all of the illustrious members of this famous class, but we invite you to join us in looking forward to great things from every one of them.

ESSE QUAM VIDERI.

Freshman Class History

The Freshman class came into existence last fall with an enrollment of eighteen members. There have not been enough in the class and we have not been here long enough to make much history. But what we have made is beyond reproach. Almost all the members have made good records and we hope they will keep this up for the next three years.

Arnold Smith, our President, is from Carrollton, Ga. He is an athlete as well as interlocutor in the Glee Club.

Leonard Wall from Macon, Ga., is Vice-President of the class. Although he has not made the Company Varsity teams he plays basket-ball and football exceedingly well on the Scrub teams.

One of the most important events in our history was the election of officers. It was very exciting because Arnold Smith and Leonard Wall tied for President the first time. Before long Smith called another meeting and was elected by a bare majority. Wall was soon consoled because he was elected Vice-President.

All of the members show a great deal of promise as debaters and orators. They have proven this by debating many times in the two societies.

This is a very cosmopolitan class as it has representatives from all parts of the world. It has boys from South America, Korea, and Russia, as well as from the different states, from New York to Florida.

This class has the distinction of numbering among its members one-half of the co-eds in the Academy. From this fact it may be understood why this class, though considered short of brains, as is usually the case with Freshman classes, is decidedly long on beauty. Recognizing this fact the officers and members of the Sophomore class pay due homage to the fair co-eds of the Freshman class, and lay their best at Beauty's shrine.

FOOTBALL

1924
Football History

Under the coaching of Beasley, Carlton, and Boulware the football season at E. U. A. has been one of the best experienced in many years. Although this has been Coach Beasley's first year at the Academy, he has proven that he possesses all the good qualities of a coach, and under his careful training, the dashing Co. "B" team fought their way to the goal of championship. From the first appearance that the heavy Co. "B" team made on the Weber Field, the interested spectator perceived that it was this team that would win the championship, and, they were far from wrong, too. Co. "B" scoring throughout the grid conflicts nearly twice as many points as all the other teams combined.

The first official game was played between Company's "A" and "C" on the fifth day of October, thus opening the season. The game started with a rush, each team eager for action. At first, the teams seemed evenly matched, but the incessant line plunging of Huggin soon found its way toward Co. "C"'s goal posts. On an end run Co. "C" fumbled; Youmans for Co. "A" recovered, and was downed on the one yard line. Huggins crossed the line on the next play, the game ending her for a 6-0 victory for Company "A."

The following week the strong Co. "B" team clashed with "A." The game was hard fought, but "B" outclassed their opponents in all phases. The line backs of Mitchell and Jones combined with the end run of Lee and Wingo were too much for the "A" Co. eleven. The first "B" touchdown was made by Wingo on an end run, while with one minute to play, a twelve yard forward pass was completed behind the goal line. The whistle ended the game here with "B" on the big end of a 12-0 victory.

Next came the Co. "B"-"C" game. Both teams fought hard throughout this contest, and, though outweighed, the "C" team put up a stubborn fight. In the first half the "B" team, aided by line plunging and end runs, found their way to a touchdown, Jones carrying the ball over. The tackling of Shippe and Dickey featured the game. Another forward pass was completed behind the goal line for the "B" team, and Jones kicked goal, favoring "B" with a score of 13-0.

The week following, the fast "A"-"C" game was fought to a 6-6 tie. The game was not as fast in the first half, neither team being able to gain ground. In the third quarter Co. "C" started a drive which netted fifty yards, and, on a complicated trick play, Savage for "C," ran for a touchdown, the first touchdown made by "C" in three years. On a strong comeback Co. "A" started a drive also, which netted them a touchdown, tying the score just as the whistle blew.

The fifth game was also fought to a tie, "B" and "A" clashing again. The ball was never in "B's" danger zone but the "B" team seemed unable to cross "A's" goal line. The feature of the game was a long pass completed...
by Martin. However, he was downed in his tracks. The tackling of Guthrie is well to be remembered.

On Nov. 11, Companies "B" and "C" met for a crash. The game was hard fought by both teams. Co. "B" outplayed "C" in most every particular, scoring two touchdowns in the first half. The second half Co. "C" came back with a determination to make a score, but "B" scored again, and won the extra point. The score stood 19 to 0, when Savage for "C" got loose for a sixty-five yard run for a touchdown and kicked goal for the extra point. The score stood 19 to 7 when the game ended.

"A" Co. scored an easy victory over "C" in the next to the last game of the season. The neat pass work of Budd from center aided greatly towards "A's" victory. The tackling and dumping of "A" Company's ends. Over-street and Youmans featured the game. Savage also did some neat tackling for Co. "C." Huggins scored the touchdown for Co. "A," and Youmans failed to kick goal.

With fire in the eyes of Co. "B's" team they appeared on the Weber field at the beginning of the last game, anticipating sweet revenge, remembering the defeat Co. "A" handed them in the last game of the past year. Co. "A" fought desperately but in vain, for they were completely outclassed in every way by the strong "B" team. Due to the great work of Lee and Jones, backed by the strong line, "B" went wild and scored a touchdown. They failed to kick goal, the ball being blocked by Budd. In the last quarter the "B" team was progressing rapidly toward another touchdown, battering the "A" line steadily toward their own goal when the whistle blew, ending a hard fought schedule at E. U. A.
Emory C. Budd
Weight 163
Height 5 ft., 10 in.
Center

Here we have the all-star center of E. U. A. He could hit a dime with his pass from center. Always he was a constant fighter, and when some man fell like a mule had kicked him, one might know that Emory had been his way. His defensive work was something to look up to and to be coveted. The college that gets him will be lucky.

Jeff Dickey
Weight 180
Height 5 ft., 11 in.
Tackle

"They shall not pass" is Jeff's motto and he lives up to it. When he gets his hundred and eighty pounds in action against a line it knows that somebody is there. Jeff is an old hand at football for this is his second year as a letter man. Next year he will go after his third letter for staunch support of "B" Co.

James Mason Douglas
Weight 166
Height 5 ft., 8 in.
Guard

Fat's hobby is making 'em look small, and good people, he knew how to do it, too. When a man saw him coming he knew what was in store for him, for one hit by Fat is bound to lie down for a little while and remember the occurrence for a much longer time. "Fat" leaves us this year to enrich the squad of some college. We extend our most hearty good wishes to him and our profoundest sympathy to the man he hits. Good luck to him at Auburn.

Gwyn D. Evans
Weight 150
Height 5 ft., 11 in.
End

Gwyn is in every way a good end, in his offensive way a good end, in his offensive and defensive playing. He is truly a hard fighter never giving up 'til the very last. Dependable is the correct word to use for Gwyn, his company was sure that he would do the thing that was called. Dumping the interference of the opposite team was his delight. Tackling, he never failed to get the man. Just let the coach of the college team that Gwyn attends give him a chance and see where he will land. A good, hard fighting player he will be.
Ciceron A. Granger
Weight 163
Height 5 ft., 11 in.
Tackle

Much credit is due Ciceron for his past years work in football. Two more brothers of Ciceron's were earnestly striving for the letter which he won. He played his position well and he always kept a cool head. We hope Ciceron will be wearing a Tech numeral next year.

T. A. Guthrie
Weight 174
Height 5 ft. 10 in.
Guard

Theron was an almost perfect defensive worker. He seemed to be everywhere on the field at the same time “Dumping” and tackling. The Co. “A” Team should be proud of Guthrie, for he was able to hold his position as well in the backfield as on the line. He is worth playing on any college team.

William Henry Huggins
Weight 170
Height 6 ft.
Fullback

“Bull” Huggins truly lives up to his name when it comes to football. Anyone would think so, who saw him making a line plunge. In other words, he is the hardest hitting line plunger who has been here for several years. “Bull” can pass, punt, or tackle equally as well as he can carry the ball. This makes two years for him in the Letter Men’s Circle and next year he assuredly will be wearing a numeral of some Freshman team. Just keep it up, Bull!

George Lee
Weight 135
Height 5 ft., 7 in.
Halfback

“Pie” is small but a hard hitter. He breaks through the line before he is seen. You have to have “winged sandals” to catch “Pie.” He did his part on his team well. “B” Co. should be glad to have had “Pie” in the backfield. He will be a good player for the lucky college.
Herman Overstreet
Weight 156
Height 5 ft., 9 in.
End.

Herman has held the end position three years for "A" Co., and each year he has made his letter. It was well deserved, too; for he always fought to the very last. He was never known to fail to knock some man down coming around his end. Herman could catch a forward pass for any man's money. Besides he was "greased" lightning the few games he played in the backfield. Look out for Herman if he keeps it up.

H. M. Savage
Weight 170
Height 6 ft.
Quarterback

This man's name heads the list of football players at E. U. A. We think he is the best yet, which is the only way to say it. He has proved himself an excellent field manager and it is impossible to give him the credit that is due him. Backed by the Co. "C" team, he made one of the most sensational runs ever made on the Weber Field for a touchdown. "Big Buddy" is also a hard-hitting tackler, and he gets them often, too. This makes the third consecutive year he has made his letter in football at this school. We are for him next year because we know he will make any college a good man. Murry has never had time called out on him in any game, he has played all the way thru every game.

Captain Claude L. Shipp
Weight 180
Height 6 ft.
Tackle

"Good looking and graceful" is a good description of Claude on the football field; good looking referring to his uniform and graceful to the way in which he tackled. In '22 he was made the proud possessor of his first letter, and he liked its appearance so well that he decided to have another this year. The laurel wreath rests well on Claude's manly brow and he seems determined to keep it there.

Leslie Steele
Weight 155
Height 5 ft., 9 in.
Guard

The line has not been made that this man can't break through, and he does not only break through, but he gets his man. A easy going player he was, but he got there just the same. We feel sure that if he keeps his good work up, there is a great future for him in football.
Nelson Wingo
Weight 165
Height 5 ft., 9 in.
Halfback

"Ambrose's" football career is an example of rapid rising to fame among the knights of the gridiron. Last year only a sub for "B" Co., this hard-hitting halfback has this year shown us his fighting ability. Probably his features contributed extra yardage on his line plunges, for his fighting face is truly a thing to inspire the opposing team with terror. We are glad to say that Ambrose will be back next year to help "B" Co. hold the pennant.

Brooks Youmans
Weight 160
Height 5 ft., 8½ in.
End

Brooks is little but loud, and he holds his own against anybody. It was always known to be dangerous to come around Brooks' end. He is a cool headed player and does his part exceedingly well. From the way in which he caught passes, one would think he had glue on his fingers. "The bigger they are, the harder they fall" was Brooks' motto. We wish him luck at college.

Paul Jones
Weight 160
Height 5 ft., 9 in.
Although handicapped with the misfortune of having only one arm, "Pablo's" name deserves a place at the head of football players at E. U. A. His stiff-arm was something to be feared, but his punting was his strongest point, averaging about fifty yards for each game. A book could be written about him but space is limited. We all predict him a future at Oglethorpe.

Albert Mitchell
Weight 175
Height 6 ft.
Halfback

This is the year in which Albert has made his letter. He always managed to make a gain through the line. As a line hurdler he was quite "the berries." Forward passing was also his dish, being able to heave one about fifty yards. A good, all-around player and we wish him luck.

BASKETBALL

1924
Basket-ball History

We have had a wonderful basket-ball season this year, probably to be more correct it may be said that "A" Company has had a wonderful season because there was never a game that "A" Company played in that was in doubt after the first quarter. But we also had fine work displayed by the other companies even in defeat.

In the first game of the season "A" locked horns with "C" and "C" received the small end of a 36 to 10 score. "C" fought hard and fast but was unable to compete with the fast team work of "A". There were many excellent examples of team work and fast dribbling in this game.

In the next game "B" tried to down the dauntly quintet from "A" but failed. "B" fought hard and held on doggedly but was unable to stop the onslaught, and was defeated to the tune of a score of 48 to 16.

"B" and "C" were the next to tie up, this was the most interesting game so far as the outcome was at times uncertain. But "C" seemed to have a slight advantage. She showed some real flashy work in the last half and defeated "B" by the score of 19 to 15.

In the next battle the "A" five had a harder time defeating "C." Although "A" had the game in their hands from almost the start "C" had so improved so that they held the victorious five down to a closer score of 35 to 16.

Then came "B" again with the determination to win from "A" but the fates were against them. They played a fine game but were unable to match the skill of their opponents. The game was decided from the beginning too, almost, and "A" romped home with a score of 42 to 15.

"B" was now determined more than ever to have the scalp of someone, so she went in the game with "C" ready to fight to the last breath. The game was the most exciting ever played at the gym for the tide swung back and forth many times before "B" finally got a one point margin and the whistle blew. The final score was 17 to 16 with "B" sitting on the big end of it.

Then came the most talked of game of the season, "A" was to play a picked team from "B" and "C." In this game both teams were trained to the highest point of efficiency in all the season. The game started with a rush and both teams started fighting hard. The "B-C" team played exceptionally well but they were unable to go through the air-tight defense of "A" while the overwhelming rush to the "A" basketeers swept over the picked team. Although they played hard and held on to the last minute the picked team never even got started on the road to victory. The "A" five dashed thru to a final score of 49 to 9.

Thus did "A" come through the season, the undefeated champions. They also had the reputation of not having had a single man put out personal fouls.
The coaches and critics offered their opinion that this “A” Company team of '24 was the best in the history of the Academy. This is true, in the opinion of all, to the faithful and competent coaching of “Squire” Carlton. He weathered the storms and brought his team, victorious, through to a glorious finish.

Even though “A’s” victory was great, it does not detract in the least from the glory of the other teams. They played fine ball and showed that their coaching had been thorough from start to finish. The other coaches must not be slighted, either, for they labored hard with their respective teams and gave much of their time endeavoring to put their teams at the top. Much credit is due to Professors Beasley, Boulware and Ellington for the showing that the other teams made.

Just a word in closing, “A” Company has brought down an unstained escutcheon, clear of defeat. They leave this as a goal for future teams at E. U. A. to strive for, to have a team that plays as clean, that fights as hard and that shows as much sportsmanship as the championship team of 1924 did.
All E. U. A. Basketball Team

Jake Dopson
Guard
Weight 160 lbs. Height 5 ft., 8 in.
Although this was Jake's first year on "C" Company's varsity, he certainly made good on it. Jake was also the only man on the all E. U. A. team from "C" Company. He played standing guard on his team and did it as well as anyone could. He got into every game at the beginning and fought hard, clean and fair and though he always played hard, he had very few personal fouls called on him.

Charles Fountain
Forward
Weight 160 lbs. Height 5 ft., 10 in.
Charles did not get to play in all of the games this year, he got into the ones he did play with all his heart and played hard but clean. He has a good jump on him so he was called on to play center in one of the varsity games. He rose to the emergency and helped "A" Co. put over a winning game. Charles covers the floor well and also has a good eye for the basket.

Boyce Martin
Guard
Weight 150 lbs. Height 6 ft.
Boyce has been playing basketball here for three years but he got in his prime this year and played better than he ever has before. He has played on "B" Co.'s varsity for two years and has done some fine work for them. He was center on the scrub team last year but was shifted to standing guard on the varsity last year and has held down that position since.

Alt. Capt. Herman Overstreet
Forward
Weight 150 lbs. Height 5 ft., 7 in.
Herman has played exceptionally well this year, not only being high point man but he also set a record for high points that will not easily be broken. It was almost an impossibility to guard him for he could squirm around anyone almost, until he got a chance to shoot and he hardly ever missed when he did shoot. Herman was also captain of the championship team for two years and much toward the winning of those championships.
All E. U. A. Basketball Team

Hoke Smith  
Center  
Weight 175 lbs.  
Height 6 ft., 4 in.  
This elongated piece of humanity hardly ever failed to get the tip-off in every game and thus helped the pass work very much. In the games has “basket-eye” was right, he made many points for “A” Co. This was Hoke’s first year in basket-ball here and he certainly made it a most successful one. He played in every game as hard as he could and always fought hard to the last even though his team had a comfortable lead.

Capt. Claude Shipp  
Center  
Weight 185 lbs.  
Height 6 ft.  
This year was just Claude’s second year of basket-ball here but it is also the second year he has made a letter here. Claude has made many points in the games he has played and he also has kept a good many from being shot. We feel sure that Claude will make a fine record in the next few years for he has made such a fine record here. Claude always plays a very clean game and has never been put out of a game on fouls yet.

Charles Ward  
Guard  
Weight 165 lbs.  
Height 5 ft., 9 in.  
Charles also has the distinction of having been on the championship team for two years. Last year he played center and occasionally was shifted to guard but this year he played at guard the whole year through. Charles didn’t get a chance to shoot many goals this year but when he did get loose a goal was sure to be rung.

Brooks Youmans  
Forward  
Weight 160 lbs.  
Height 5 ft., 10 in.  
Brooks has made an excellent record on Squire’s championship team these two years and has contributed many points to the large scores that have been run up. Brooks covers the floor well and is usually in the spot that you least expect him to be and nearly always sunk his shots from those spots. He is also a deadly shot when it comes to sinking foul shots and that accounted for a number of his points these last two years.
