Because of her sincere devotion to people and her desire to help others, her friendliness toward all who know her, her co-operative spirit in entertaining at club meetings, her willingness to give her time listening to our troubles, and because we all love her, we, the staff, proudly dedicate the 1951 MEMORY to “Lib”—who does more than duty calls for.

ACTIVITIES
The Student Activities Council is composed of representatives from every organization or club on the campus. It acts as the governing body of the school. The President of the Student Body serves as chairman of this group. The many duties of the SAC are the elections of presidents, sponsoring formal dances, and aiding in other social activities.
Phi Delta Omega

Phi Delta Omega, the only honor fraternity on the campus for pre-dental and pre-medical students, was organized in 1940. Its aim is to promote friendship between these students and to inform them on the latest developments in science. Membership is based on scholarship, character, personality, and achievement. The main function sponsored by this club is the annual Spring Banquet. Faculty advisors are Profs. Haynes, Light, Wiley, Dickey, and Jackson.

INTERNATIONAL RELATIONS CLUB

This Club is the only organization on the campus with national affiliation. It operates under the auspices of the Carnegie Endowment for World Peace. During the weekly meetings current international problems are discussed. Although the I.R.C. is primarily for those students who are majoring in social sciences, it is open to all students who have maintained a "C" average and have a genuine interest in international relations. The faculty advisors for this group are Mr. Kennedy, Mr. Harwell, and Mrs. Hinton.
The Florida Club was organized in 1937 to better acquaint the Florida boys with one another. These boys from the "Sunshine State" develop excellent leadership by assisting in campus activities. The Club is proud of the recognized ability of its members to work amiably and co-operatively with the faculty and their fellow students. The projects undertaken by the Florida Club this year were selling cokes at football games, presenting Saturday movies, and sponsoring a Florida vs. Georgia Basketball game.

Cultural development among students at Oxford was very good this year. The credit is due mostly to the Student Artists Lecture Association. The purpose of this organization is to give a higher appreciation of the fine arts to the students. This year, with the Covington Music Club, S.A.L.A. presented a variety of artists and performers in programs for the enjoyment of those enrolled at Oxford. Faculty advisor is Mr. Baker.
CHRISTIAN FELLOWSHIP

This year Christian Fellowship was combined with the Sunday meetings of the Methodist Youth Fellowship, but it is still a non-denominational organization. The purpose of this club, to promote a feeling of spiritual fellowship among its members, as well as among the student body as a whole, has helped the spiritual growth of each student. The various activities of this organization are aided by the helpful guidance of Profs. Jarrard, Dickey, and Rev. Thompson.

DEBATE CLUB

This year the Debate Club is the first formal Debate Club on the campus for several years. The purpose of this club is to help each individual in public speaking. Debates are held monthly among the members. This year plans are being made for the Debate Club to represent Emory-at-Oxford in a contest to be held among the Southern Colleges. Mr. Pickett is the faculty advisor.
Phi Gamma was organized in 1837 with training in public speaking as its main objective. Its purpose is to create feelings of fellowship and good sportsmanship among its members. This year, Phi Gamma undertook the responsibility of publishing a school paper, "The Rebel Yell," which was a great success. Bi-monthly meetings were attended with enthusiasm by its members. The "Old South" spirit was revived by these "rebels," whose passwords were the strains of "Dixie."

PHI EPSILON UPSILON

Through the past years, Phi Epsilon Upsilon Literary Society has been an outstanding organization on the campus. Its main objectives are to develop one's ability in public speaking and to promote good will and friendship among its members. Some of the functions of this society are debates, musical programs, and other campus activities.

The meetings of FEW are held on alternate Monday nights in Few Hall. Programs of a varied nature which are both informative and entertaining are presented at these meetings. Mr. Pickett is the faculty advisor.
LETTERMEN'S CLUB

The Lettermen's Club, for which every Emory athlete strives to qualify, is an organization of men who have displayed good sportsmanship, athletic ability, co-operation, and loyalty in Emory's athletic programs.

The purpose of this club is to promote better sportsmanship among the intramural teams.

The annual initiation of new members is an affair enjoyed by everyone except the initiates.

One of the year's highlights of this club is the Spring Banquet.

Mr. Brown is the faculty advisor.
The Glee Club is one of the most active organizations on the campus. Ever since it was founded by our present Dean, it has been a center of interest in extra-curricular activities. Besides being one of the most active groups on the campus, it is considered an honor by the student body to be a member of this club. The membership is made up of students who have a mutual interest in music and singing. Each year the Glee Club tours through Florida and Georgia giving concerts. In addition, the club also provides a choir for the Allen Memorial Church and chapel services. Mr. Kennedy is the director, and Mr. Baker is the accompanist.
MINISTERIAL CLUB

Members of the Ministerial Club are men who have dedicated their lives to full time Christian services. This group stimulates a great deal of the interest in religious activities on the campus. It also furnishes many of the leaders in other Christian organizations. Under the able direction of Rev. Thompson and Dean Eady, the Ministerial Club has added spiritual vitality to the student body.

ALPHA EPSILON UPSILON

The highest scholastic honor which a student at Emory-at-Oxford can attain is membership in A.E.U. A fellow must really be a "brain" to maintain an average of A B for three quarters or ABB for four or more quarters—this is the necessary requirement to become a member. It is easy to realize why only a few reach this high goal of scholarship. Faculty advisors are Mr. Wiley and Prof. Harwell.

Bottom to top: Maddox, Beggs, Mullins, Miessen, Voight.
MEMBERSHIP in Eta Sigma Psi is one of the highest honors an Oxford man can obtain. Its members are selected on the basis of personal character, scholastic record, prominence in student activities, and service yielded to the institution. Since membership is very limited, only those students who have made a real contribution toward the betterment of student life and activity are accepted.

The Junior Board of Stewards is another campus organization which performs various duties for Allen Memorial Church and sponsors worthy projects for the students each quarter. Its main purpose is to bring a closer relationship between the Church and the students. Thursday night collections for worthwhile projects are one of the main functions of this organization. The project for this year was presenting a bicycle to the Methodist Orphanage in Decatur.

Modest, unassuming, completely likeable, and dependable . . . summarizes Tommy's character. Not only has he had the honor of being chosen the school’s Number 1 Citizen, he has also been given the honor of being president of the student body. To Tommy for his outstanding leadership in any job he undertakes, we say—"a job well done."

NUMBER ONE CITIZEN OF EMORY-AT-OXFORD
Earnestness and sincerity mark Jimmy as a leader. Always willing to take responsibility, he has gained the respect of his fellow students. No task seems too big; no job is left unfinished. Jimmy will long be remembered as a friend and a leader by his classmates.

Jim always has a good word for everybody, and he is recognized by his friendly smile. Holding many prominent offices, he has deftly executed his responsibilities with commendable initiative. Always ready to enjoy a joke, Jim has a keen sense of humor and his good-natured laugh is often heard.

An excellent speaker . . . and holding many important jobs, Jack proved himself to be worthy of his honor. Both faculty and students alike will long remember the fine and outstanding record Jack made at Oxford.
Ben’s active interest and dependability in sports and social gatherings have made him a fellow we all respect a great deal. Ben has shown himself to be a straightforward and completely likeable person.

GARY WATSON

Happy go lucky . . . Gary is willing to devote himself to any job. His genial good nature has won him many a friend at Oxford. His eager participation in sports and other outside activities has made all of us admire Gary in every way.

BOBBY MAYFIELD

Each of us will long remember Bobby and the Chapel programs he provided for us. He tried, and succeeded, to bring interesting programs appealing to the students. His cooperation with religious and outside activities has indeed won a place for him in the Hall of Fame.
An active interest in activities has made all the students admire Bob here at Oxford. Quiet, yet lively, he has taken a definite place in the limelight by being a good follower and a capable leader.

Brim full of cheer, Terrell joys in having a "jolly good time." His willingness to accept offices and responsibilities proves him to be full of initiative and energy.

Best foot forward . . . his love for practical jokes—Jack has made himself well known at school. His good sportsmanship on the football field and with other groups prove him to be a regular fellow.

Led by a hard charging line, "A" downed "B" 12-0 in a mud battle. Stopping the Greenies' offense cold, the Reds opened up with a fire air attack. The first touchdown came on a 10 yard pass from Whilden to Graham, and the second on a 40 yard pass from Arrington to Grant. In the first quarter, Radford Janney, star "A" Co. halfback, was seriously injured and lost for the season.

In the most exciting game of the year, "A" outscored "C" 20-18. The Reds, as usual, were paced by an air attack, and they built up a 14-0 lead at halftime, which the Blues could never overcome. Ned Roberts led "C" in a comeback effort in the last half, but it was not enough. He passed to Makowski for one touchdown and scored two himself. The last one, which was the last play of the game, came on a 55 yard sprint.

"B" Company, defending champions, opened the season by downing "C" Co. 20-6. The Greenies unleashed a powerful running attack while scoring twice in the second quarter and once in the final quarter. Quarterback Murray scored the first touchdown and passed to End Dave Shefelton for the second. Bobby Wetmore made the third tally on a 20 yard run. Capt. Ned Roberts made the Blues' only score as he plowed over from the one yard line in the last quarter.

The championship was won by "B" Co. for the second straight year as they beat "A" 13-6. Bobby Wetmore scored for "B" in the first quarter on a 15 yard end run. The Reds tied it up in the third quarter on a 25 yard pass from Whilden to Grant. An intercepted pass by Jimmy Thompson set up the winning touchdown, which was scored by Charlie Green from the 5 yard line. The extra point was good and the game ended a few moments later.

The Reds scored a few moments later as Bob Grant plowed over from the 10 yard line, but the conversion attempt failed. The rest of the game was a defensive battle and no further scoring took place.

"B" Co. downed "C" Co. for the second time of the year by the tune of 12-0. After a scoreless first half, the Greenies scored in the third quarter on Murray’s 40 yard dash, and again in the final quarter as Wade Pullin crashed over from the one yard line. Although the Blues fought hard, "B" was in command of the game most of the way.

Into every container of Sherman exquisite coffee goes something that is not grown in the bean. It is the essence of all that we have learned in the past sixty-six years of the art of blending fine coffees... of roasting and packing them exclusively for those who cater to the public. That means something to you. It means uniformity, full value and certain guest satisfaction.

Good Food for Pleased Guests

John Sexton & Co., 1929
