Interesting Tid-Bits about Natural Science Professors:
Dr. Parker is the co-author of a book, “Simplex Optimization for Quality and Productivity in Research, Design, and Manufacturing,” due out in 1991. He also has a pet guinea pig named “Rodent,” and really likes the food at Lils. Dr. Sharp collects mule art with his wife; raises bantam chickens; owns a pinkish ass named “Jonathan,” a blue roan registered Tennessee Walking mare, a Palamino Walking mare, a Shetland pony named “Candy Man,” and a mule named Bo-Bo; loves being a grandparent; and is a devoted Hill-Billy music fan. Dr. Carter is a certified Home Lighting Expert. Dr. Autry dabbles in model rail roading for a hobby, and was qualified as a Jungle Expert during his tour of duty with the army in the Panama Canal Zone. Ms. Riner spent a New Year’s Eve in Times Square in New York, danced with the Southern Ballet Company for ten years, and was in the airport in Rome, Italy during a terrorist shoot-out.

Interesting Tid-bits about social science professors: Dr. Wundram raised an orphaned baby opossum last summer. The opossum’s name was Jack and he spent most of his early childhood on her head. Dr. Cody worked in 1968 registering black voters in Lee County, Alabama. Through this he became the co-chair of the Canvassing Committee of Lee County citizens for Humphrey-Muskie in the 1968 election.

Interesting Tid-Bits about Humanities’ Professors: Dr. Linville worked on an abalone boat off the coast of California. Dr. Sullivan climbed Mt. Fujiyama while serving in the Navy in Japan. Dr. Carpenter once made a partial living as a trumpet player in jazz and rock groups. Dr. Lemons attended the Outward Bound Survival School in Minnesota during graduate school. Dr. Oliver does woodcarving as a hobby and was once a missionary in Korea.
The Physical Education department offers a wide variety of courses in hopes that they will please all students. Each student is required to take a P.E. each semester they are at Oxford.
Interesting Tid-Bits about P.E. professors: Gayle Doherty began her dance career as a Go-Go dancer on a teenage dance program that was on television. The name of the show Kilgo's Canteen that was broadcast in Charlotte N.C. in 1967. “Families in Poverty”, presented by Nancy Henderson, offered students the chance to learn about how the poor survive in America. Charles Lollar and Monique Anderson offer their reaction to Bradd Shore after his compelling presentation, “What’s a Family, Anyway?”.

Our grand piano in the Oxford chapel got a resounding workout when William and Keiko Ransom presented their recital. Stephen Robinson prepares to take a bow at the close of his much appreciated classical guitar concert. Holly Stave, foregoing her birthday celebration, entertained the audience with her talk, “Family in Fiction and Film”.

Stephen Robinson presents his classical guitar to the audience. William and Keiko Ransom play the grand piano. Holly Stave smiles during her talk.
The focus of Oxford Studies this fall was on families. Faculty/staff members Ted Davis, Stephanie Ezust, Patti Owen-Smith, and Holly Stave presented informative, enlightening, and often amusing talks on a wide array of subjects dealing with the changing family. Guest lectures covered such topics as “What’s a Family, Anyway?” and “Families in Poverty.” Of course, Oxford Studies always includes cultural events and fall 1990 was no exception. With a generous gift for tickets from the Oxford Lyceum Committee, students were able to attend first rate performances at Newton County High School as well as on-campus ones. From the dazzling Acrobats and Imperial Warriors of the Peking Opera to the down home ballads of the Shady Grove Bluegrass Band, Oxford students had a varied and exciting cultural calendar for fall semester.

In response to the crisis in the Middle East, Oxford College hosted a panel presentation which drew a crowd of 150+. Members of the panel included Stephen Pofahl (student and army reservist), Dr. Reza Saadein (professor and native of Iran), and Randy Harthbarger (relief worker in Lebanon and international studies teacher). The featured speaker for the evening was Jose M. da Selva Campino.
"They desire to make a difference in the world"

"One morning I was taking eight Oxford College students to a dedication of a Habitat for Humanity house. They had helped build the house and wanted to be part of the ceremony. On the way, we passed Mt. Zion Baptist Church and saw that vandals had spray-painted the church buildings. After the dedication, we returned to Mt. Zion church. It was about 11:00 a.m., and some of the church members had begun to gather. We saw hate-group lettering and nasty racial epithets scrawled along three sides of a cinder-block building and on the brick church. One of our students suggested we do something about it. We bought paint, brushes, and other materials and began the clean-up.

"The defaced cinder-block building could be painted over easily enough, but it took us a long time to get the paint off the brick building. As more church members gathered, they helped us. Later, the women of the church came and fixed everyone something to eat. It turned into a real neighborhood celebration before it was all over.

"The students do so many important things. They got in on the ground floor of the Newton/Morgan County Chapter of Habitat for Humanity when it was founded in 1985. They tutor in the local public schools and work in Atlanta area homeless shelters and soup kitchens.

"Sometimes people wonder why the students do these things. Quite simply, they desire to make a difference in the world.

As I understand Christ, He not only preaches about one's personal spiritual need, but is also walking among the outcast and the poor of His society—redeeming, curing and healing. That has always been a large part of the Christian obligation: to walk with Him as best you can and take part in His work."

Dr. James Laney, the president of Emory University, came to Oxford to speak about Prejudice in the University system. During his visit, he was very sociable with the student body of Oxford.

Oxford was also honored to have former President Jimmy Carter speak at Oxford. He is an Emory University Distinguished Professor. He delivered the inaugural address for the Sam Worley Mills World Peace Lectureship that was held in Allen Memorial Methodist church on Wednesday, April 24.
The Oxford and Emory Chaplaincy Program sponsored a Travel/Service Seminar in May. This year the group traveled to Kenya. After orientation in Nairobi, the participants worked in Mombasa, digging foundations for a house for a Kenyan pastor. When the work project was completed the students made a photographic safari through the Masai Mara and Mount Kenya National Parks.

Campus Life
Associate Dean of Campus Life

This is Dean Joe Moon’s third year at Oxford College. He stated, “Now I understand Oxford better. I find myself not taking as many risks, but refining the approaches that we take.” He also stated that “Oxford has great potential outside of the classroom.” Dean Moon would like to see more students involved in service and volunteer programs. He said that programs such as Oxford Fellowship help to build community. He would like more students to be “plugged” into the community and feel better about themselves.

Dean Moon explained that the two major events this year were the death of Brad Edwards and the war in the Middle East. These two events had an impact on everyone. From these negative events, the possibilities for good results arose. Both situations showed “Oxford at its best.” Friends, faculty, and staff were all able to pull together in a common cause.

FALL FESTIVAL

Fall Festival is held every year around the middle of October. It is a day in which the clubs have different activities to raise money for charities and to enjoy each others company. Some of the events held this year included a dunking booth sponsored by Dooley's Dolls, a Moon Walk sponsored by Rotoract, and a legal pet toss held by Residence Life which raised over $35 for the Newton County Humane Society. Other events which made for a great time included C.O.E.'s slip-n-slide, ISO’s pinata bashing, and everyone’s favorite, CAC’s tie-dying.

Oxford Fellowship raised over $100 for the Food Pantry in downtown Covington with their ass-kissing contest. The lucky winner of this contest was Tim Doyle one of the Residence Life Coordinators.

DOOLEY’S DOLLS BLACK AND WHITE DANCE

The Doll’s held their annual dance in February this year. As usual the dance was a big success. This year’s dance was extra special because Dooley himself made a very memorable appearance. The band was “Legacy”, and they were well received by all who attended.

Leadership Oxford is held every spring for 50 freshmen. Most of the freshmen that attended were going to leadership positions the following year. The purpose of the event is to teach the freshmen how to be good leaders by relying on one another for support and encouragement. Leadership Oxford lasts for one week and entails three or four week nights and then a get-away to Camp Michael in Toccoa, Ga. for a weekend of fun activities presented by Executive Adventures. The trip involves such things as a ropes course, rappelling, wall climbing, etc. Throughout the weekend the students learn to rely on one another for physical support which leads to a greater understanding of how to rely on one another mentally as well.

DOOLEY

the Spirit of Oxford

As always, Oxford students were anxious for the arrival of Dooley and the reading of the first letter. The Dolls prepared the campus in early September and the student body congregated outside Seney Hall to await their fate! With the arrival of the bodyguards, Jim Brown stepped forward and to the cheers of his fellow classmates, became the Spokesman for 1990-91. On November 10th, Dooley arose from the dead and met the student body for the first time. Although the students expected it, those who were called forward in the letters will never forget their brush with Dooley.
INTRAMURALS

Intramurals presented a time when the members of the residence halls came together to compete against each other in a fun and friendly atmosphere. Different activities that occurred as part of intramurals were men's and women's flag football, men's soccer, men's basketball, coed volleyball, and baseball. There was also a billiard's tournament with a trophy presented to the winner, Zane Khan. The outcome of the team rankings was always hotly-contested with the team with the most points declared the “best in intramurals” at the Spring Awards Banquet.

LBA is a social/service club. One of their main goals is to better the social atmosphere of the college. The highlight of the year for LBA is Grad Bash which was held the last day of finals in the spring. Grad Bash was held in Lil's and it featured a live band. That same night, Lil served steak in honor of the graduates. To uphold their service quota, LBA sponsored several carwashes during the year.
The members of Kappa Omega worked diligently in 1991 to keep the club active and an important part of Oxford's social scene. They co-sponsored a band party with Circle K and Phi Theta Kappa in late February, featuring the band "Longfellow". During Fall Festival, they provided the ever popular shaving cream "pie-in-the-face" booth. A cookout supper at the home of their adviser, Sammy Clark, offered a welcome relief from Lil's and gave the old members the chance to treat the new tap-ins to a "home cooked meal".

The Student Admissions Association, a.k.a. Student Hosts, is composed of a wide variety of Oxford’s finest students. The groups’ goals are to show prospective students the campus and to allow them to get a feel for the people and events surrounding the campus. Student Hosts give tours to prospective students and their parents, they host prospective students overnight in their rooms, and they take the perspectives to their classes with them. Approximately three times each semester, the student hosts hold a visitation day on a Saturday. This day is for prospective students and their parents. The day provides information about financial aid, academics, and clubs, as well as lunch in Lil’s and a tour of the campus. In the spring the student hosts hold an accepted students weekend to allow the students that have been accepted to come and spend some time on the campus in order to help them decide if they want to attend Oxford.

Each year the RAs are required to hold both social and educational programs for their halls. In the men's area, Stone and Dowman, the RAs tried to bring their halls together with their programs. On bottom Stone, Doug held a "Coping with Stress" program for his cave men. On middle Stone, John held an arm wrestling tournament in which Carey Snider came in first and Jasper Setton came in second. On top Stone, Jeff took his hall to Dairy Queen for a social outing. This hall was also a very close and friendly group of men. On bottom Dowman, J.R. held a "Men and Sex" program with Mark Timberlake. On middle Dowman, Tom Fletcher left for war and James Fuller took his place, with each throwing a pizza party. On top Dowman, Fletcher held an alcohol program and an environmental issue program with Mike McQuaide. In the coed area, the RAs were just as active. In Dickey, Jonathan and Ann held a Simpsons study break. Jonathan also held a "Racism" program with Dr. McQuaide and Ann held a "Stress" program and a Pictionary party. In Haygood, all the RAs sponsored a trip to Helen, Georgia and a cookout. Chris held a "History of Oxford" program with Jack Atkinson as well as a stress program and a Dairy Queen trip. Steve and Vickie held a "Gender Issues" program with Drs. McQuaide and Owen-Smith. Vickie went horseback riding with her floor, and held a yogurt study break with J.C.'s floor. J.C. held a discussion on the Salem Witch Trials. Steve also took his hall to the High Museum of Art in Atlanta. In Bonnell, Sonja held a safety program with a Covington Police officer, Christi held a date rape program, and Chris held an Alcohol and Drug Education program with Mick's Mom.

HOLLYWOOD COMES TO OXFORD

Early in October, MGM/UA once again brought their hit television series, In the Heat of the Night, to Oxford College. For the princely sum of $20.00, students and staff had their fifteen minutes worth of fame. The cast and crew spent five hours filming a scene involving college students and the death of a bookstore owner. This year the campus was lucky to have the star and producer of the series, Mr. Carroll O'Connor on campus for the filming. Campus life, in promoting this claim to fame, sponsored a viewing party when the segment entitled “Final Arrangement” hit the airways.

Carroll O'Connor prepares lines in front of Seney Hall on the “Sparta College” campus.

Oxford students do what they do best: “act” like they’re enjoying class.

Cameras, food trucks, and lights take up the college green prior to the filming.
“Mourning in the morning, / sulking in the afternoon, / just pick up your head and laugh so hard / that it echoes around the globe. / Because I’m not coming back, / so I’ll just wait like they waited for me, / then we’ll sing that song and cheer.” “I’ve got so much to learn here, / don’t worry about me I’m fine. / Just check your tears at the door / when you leave, and get on with your life. / For I’m back home.” Drivin and Cryin. “He was a dreamer of dreams who went out on the sea for adventure.” Jimmy Buffet.

Oxford is an experience that only a select few get to have, yet everyone should experience something like it. Oxford is a place where strangers come together to become friends for life. To all of my friends here at Oxford, I thank you for being there. No one can survive in this world alone, and the friends that I have made here will help me make it through the rest of my life. I thank Oxford for making me the person I am today, and I will miss it greatly. Shelly Grooms, MEMORY editor.
